

Marina Rules and Regulations

MARLBOROUGH SOUNDS
MARINAS

PICTON WAIKAWA HAVELOCK
NEW ZEALAND

Marina users are reminded that Regulations and Bylaws relating to good navigation and proper control of small craft apply throughout the Marlborough Sounds. To ensure your safety and enjoyment of our marina facilities please observe the following Marina Rules and Conditions of use.

Signs

Signs relating to the use of the marina and directions issued by the company are to be observed.

Berths

May only be occupied by the vessel registered with the Company. Any other vessel occupying the berth will be removed by the Company, and removal/berthage fees applied.

Vessel Speed with the Marina

Restricted to 3 knots. When returning to the marina a good rule of thumb is to slow to 5 knots as you approach so that you are traveling no more than 3 knots as you enter the breakwater.

Mooring

All vessels must be properly and safely secured. Please ensure no part of any vessel overhangs a jetty or walkway.

Residing

Residing on board a vessel berthed in the marinas is only permitted after authorisation by Port Marlborough. Such authorisation is not transferable to other persons.

- Additional rules apply.

Boatsheds

The marina supervisor is to be advised of any electrical appliance which remains connected to a boatshed power outlet while the boatshed is unattended.

Pollution and Rubbish

No effluent, rubbish or other pollutant may be thrown, disposed of or permitted to escape in any part of the marina other than in the receptacles provided.

Safe Repair

All vessels shall be kept in good and safe repair.

Waste Oil

Waste oil must be disposed of in the waste oil containers.

These are located:

Picton
Under hill opposite Marina Supervisor office

Havelock
Alongside boatshed No 50

Waikawa
Behind eastern/western side ablation blocks

Washing

No washing is to be hung out on your vessel at any time.

Power Connections

All leads and appliances connected to a marina power outlet must comply with the relevant regulations. The Marina Supervisor can advise regarding requirements for a vessel electrical warrant of fitness.

Painting/Sanding/Welding /Grinding

On board a vessel in the marina is prohibited.

Dogs

Dogs must be kept on a leash and under proper control. Dogs are not otherwise permitted in the marina. Please ensure that any fouling caused by pets is immediately and properly disposed of. Litter stations are located at marina entrances.

Swimming and Fishing

Swimming and fishing in the marina is prohibited.

Jetties/Fingers

These must be kept clear at all times. Dinghies may not be left on fingers or jetties. No rubbish is to be left, or jetties/fingers marked in any way. Please do not modify fingers/jetties without prior approval of Port Marlborough.

Dangerous Goods

May not be stored on board vessels or in boatsheds.

Lien

Port Marlborough shall have a right of lien or charge in respect of any vessel or other property in or about the marina for the purpose of recovering all moneys due whether on account of non payment of fees, debt collection cost incurred by the Licensor in respect of a licence, non payment of other moneys due to Port Marlborough, recompense for damage done or otherwise howsoever.

Damage

Please ensure all incidents resulting in damage to vessels or marina structures are reported to the Marina Supervisor.

Fire Fighting Apparatus

We advise you keep suitable fire extinguishers on your vessel. An additional fire extinguisher is available at the entrance to each jetty. In the event of a fire please dial 111 and then contact the Marina Supervisor who will activate the marina fire plans.

Marina Trolleys

For the convenience of others marina trolleys must be returned to jetty entrances immediately after use.

Fenders

Only approved fendering systems may be used. Fenders may be purchased from Marina supervisors.

Exclusion of Liability

Port Marlborough and its Employees shall not be liable for any loss or damage suffered to a vessel or any property in or about a vessel or the Marina however any loss or damage may have occurred.

Halyard Lines

Please ensure halyards lines are secured so as to not create any noise.

Trades People

Any trades people working on vessels must be registered with Port Marlborough.

Vehicles

All vehicles must observe parking and speed restrictions. Parked vehicles must display the appropriate Port Marlborough parking sticker to avoid incurring parking charges. Speed in the marina must not exceed 20 KPH.

Honesty boxes for payment of parking fees are situated in the marina:

Picton
Near marina supervisor office

Havelock
On red post near launching ramp

Waikawa
Near marina supervisor office and in carpark between Boating Club and Vining Shipbrokers

No bicycle, motorcycle or other vehicle may be used on any walkway or jetty.

Health and Safety

A copy of Port Marlborough's health and safety policy is available at the marina office for viewing. All health and safety rules must be abided by.

Bilge Water

To prevent bilge oil spills make sure your boat and engine are well maintained. The following steps are recommended:

- Check the engine for leaking fuel or oil and immediately repair any problems.
- Stop water leaking into the boat, so you don't need to pump the bilges out so often.
- Clean up any oil in the bilges before turning on the pump.
- Soak up any floating oil with absorbent material. You can use newspaper or paper towels or purchase oil spill pads from the Marina Supervisor or boat shops.
- Always keep a piece of absorbent material underneath the engine to soak up accidental leaks.
- If you have an automatic bilge pump, you must keep the bilge clear of oil at all times. Vessels identified as pumping fouled water will be required to fit a filter.

Standards and Practices

Generally people must observe the standards and practices reasonably to be expected of a competent responsible and considerate person in the marina.
